"The sketch reproduced the insignia in its natural size. The insignia stamped on sheet metal was worn on the breast-pocket by officers only. It has not been observed in JUMTERBOG-DAMM since 10 June 1949. Soviet officers wearing this insignia were again observed at the KOETHEM (M 52/ D 95) airfield on 14 October 1949."

The appearance of air force officers wearing parachute insignia was previously observed in KOETHEM**. It has not been learned whether the air force officers wearing the parachute insignia are assigned to a parachute unit or whether they were given this insignia upon performance of a certain number of parachute jumps.
